SUMMARY

As a web developer, Passionate about designing and implementing stunning and intuitive user interfaces for web applications. Through coursework and personal projects, have gained extensive experience in this field.

TECHNICAL SKILLS

- Programming languages:
  Java, Python, Java Script.
- Web Technologies:
  HTML5, CSS, React.js, NodeJS.
- Data Management:
  MySQL, MongoDB.

CERTIFICATIONS

- Certified by SPRUCE Hit | JAN 23 bullseye for Java Full Stack.
- Got Certified by COURSERA for Server-Side JavaScript for Node.js | May 23
- Certified by CODETANTRA for Python Programming. | Jun 22

POWER SKILLS

- Comfortable working in a team.
- Observant and hands on learner.
- Inquisitively solves problems.
- Curious and creative.

EXTRA CURRICULAR ACTIVITIES

- Participated in CSCODERSHUB. | Feb 21
- Participated in Hackathons.

TRAINING

REACT JS — Jun'23–Jul'23

SkillStone (a Grazitti Interactive initiative)

- ReactJS training | Programming
  - Agile-driven React.js developer with extensive hands-on experience in end-to-end development, data management, and RESTful API integration.
  - Strong expertise in state management with Redux and React Hooks, API integration, and unit testing. Results-oriented React.js professional skilled in Agile methodologies, React ecosystem, and modern front-end tools.

JAVA FULL STACK TRAINING — Jan'23 – Feb '23

SPRUCE by HITBULLSEYE |

- Java and Spring boot programming
  - Extensive hands-on experience in Agile methodologies for software development.
  - Proficient in Java programming, HTML, CSS, JavaScript, Spring Boot, and MySQL. Skilled in end-to-end development, data management, and RESTful API integration.

PROJECTS

Travel Planner Website — May'23

- Domain: Web Application | Programming Languages: React.js. Node.js and Mongo db.
  - Integrated interactive maps and real-time data to enhance the travel planning experience. Developed a user-friendly travel planner website using React.js and Node.js.
  - Empowered users to create customized travel plans, adding activities, setting reminders, and tailoring schedules to their preferences.
  - Simplified the process by enabling users to efficiently plan their trips, ensuring a well-organized and personalized travel experience.

ATM MATCHING PIN — Feb'23

- Domain: Web Application | Programming Languages: Html, CSS, Java Script, Java Spring boot and MySQL.
  - Developed an engaging website by blending HTML, CSS, and JavaScript to create a visually appealing user interface. Additionally, I integrated Java and MySQL to seamlessly manage backend functionalities and data.
  - Implemented software using algorithms to compare the entered PIN with the stored PIN in the ATM system.
  - Supported error handling and alerts users if the entered PIN is incorrect or if there are too many failed attempts.

EDUCATION

B.Tech. in Computer Science — July '23 - Present

Lovely Professional University | Phagwara, IN

CGPA 7.72

Higher Secondary

Rao's Jr College | Kurnool, IN — July '18 - Mar '20
| CGPA 8.9

School

ZPH school | Kurnool, IN — Jun '17 - Mar '18
| CGPA 9.7
